

## Voice Smart Networks Invited To Technology Assurance Group's 17<sup>th</sup> Annual Convention

*Leaders in Unified Communications  
Align to Hold Mastermind Meeting  
in Houston*

Los Angeles/Ventura/Orange County/San Diego — February 28, 2017— Voice Smart Networks, a leader in unified communications, announced today that Mark Wadnizak, Partner of Voice Smart Networks, has been invited to attend the 17<sup>th</sup> Annual Technology Assurance Group Convention, an organization of dominant unified communications companies in North America representing \$350 million in products and services. The event brings together the most successful leaders in the unified communications sector, in order to elevate the industry as a whole, through the sharing of best business practices, CEO-to-CEO collaboration and exchange of viewpoints as the future of technology. The TAG Convention will held at the Royal Sonesta in Houston, Texas on April 2-5. The theme of this year's convention is "teamwork drives success". It will focus on the power of teamwork, which is suitingly situated at the nation's epicenter for space exploration.

"We're proud to have Mark Wadnizak attend our event,"

stated Brian Suerth, President of Technology Assurance Group. "Mark brings a tremendous amount of insight and we're thrilled to have him his views with our Membership. His contributions throughout the year to his fellow Members have raised the bar for every company in the technology space. In sum, we're honored to have Mark in attendance."

One of the keynote speakers at the TAG Convention is Colonel Richard "Mike" Mullane, a former pilot and astronaut who developed his expertise in leadership and teamwork through an array of combat reconnaissance missions in Vietnam and space shuttle missions for the United States. Colonel Mullane will be sharing his insights and collaborating with TAG Members in order to help advance their leadership and teamwork abilities.

Also in attendance will be North America's elite technology manufacturers. These providers will be delivering futuristic technology to TAG Members in order to accelerate the technological proficiency of small to mid-sized businesses. With their new software, cloud computing and auxiliary equipment, businesses

can anticipate strong growth in 2017.

"I look forward to attending this year's event and coming back with new ideas to improve our customer experience," commented Wadnizak. "I believe that the better we understand teamwork, leadership and technological expertise, the more profitable our customers will become. We consider this event a privilege to attend, especially because of the high caliber peers and it also serves as a very effective way to keep our customers miles ahead of their competitors, sustaining their competitive edge through our delivery of futuristic technology."

### **About Voice Smart Networks**

Founded in 1982, Voice Smart Networks is Southern California's leading unified communications company. The company's mission is to increase its customers' profitability, improve their productivity and give them a competitive advantage by implementing the right technology. Voice Smart Networks is the only provider that protects its customers from the two risks of technology - obsolescence and cost. As its

customers' trusted technology advisor, Voice Smart Networks has earned the position as the market leader and its customers' business through quality products and services.

As a premier member of Technology Assurance Group, Voice Smart Networks is able to fulfill all of its customers' technology needs. This means that the organization is the ultimate resource for business phone systems (VoIP and Session Initiation Protocol (SIP) provisioning), Managed IT Services, Network Security, Video Conferencing and Disaster Recovery.
