Voice Smart Networks Recognized with Numerous Industry Awards

SAN DIEGO – May 27, 2016 – Voice Smart Networks (VSN), a leading provider of unified communications, has been recognized with several major industry awards from Channel Partners Magazine and from Technology Assurance Group (TAG). The array of awards spotlight VSN as one of the leading companies in the US providing state-of-the-art communications systems integrating business phones systems, managed IT services and cloud technologies, video surveillance and top notch

system wide cyber security, said Dale Stein, managing partner with Voice Smart Networks, which has offices in San Diego, Orange County, Los Angeles and Ventura.

Recently [Channel Partners magazine](#), a resource for indirect sales channels offering IT and telecom systems and services, announced that Voice Smart Networks (VSN) was selected as a winner of the 2016 Channel Partners 360^o Business Value Awards, which recognizes the business value that partners are providing to their customers from holistic systems and services. This was the third year consecutive year that VSN was recognized for bringing value to the marketplace and the industry.

TAG, an organization of leading unified communications companies in North America representing \$350 million in products and services, recently recognized VSN

with five awards from its technology solutions and services partners. VSN was awarded the following Dealer of the Year Awards:

- Pulsar360 Dealer of the Year – Pulsar360 is a cloud voice solution that converges voice and data into a single easy-to-manage network including SIP Trunking, PBX hosting, disaster recovery and Carrier Services.

- PhoneSuite Dealer of the Year – PhoneSuite is a leading hospitality phone system provider. PhoneSuite solutions have the reliability and proven communication technology that enhances any hotel or motel property - making it easier to operate and ensuring seamless communication and productivity for employees and guests. FreedomVoice did not give out an award.

nGenx gave an award to VSN.

- Watchguard Dealer of the Year – VSN was named Dealer of the Year by Watchguard Technologies, a Seattle-based company that is a global leader of integrated, multi-function business security solutions that intelligently combine industry-standard hardware, best-in-class security features, and policy-based management tools.

“My partner Mark Wadnizak and I are both proud to have been recognized by two of the leading professional unified communications organizations in the country – TAG and Channel Partners – for our innovation, service, dedication and performance at bringing the leading technology solutions to our expanding base of small business customers throughout Southern California,” said Dale Stein, Voice Smart Networks Managing Partner.

About Voice Smart Networks

Founded in 1982, Voice Smart Networks is Southern California’s leading data and voice company – bringing innovation to small to mid-size companies IT and voice networks. The company’s mission is to increase its customers’ profitability, improve their productivity and give them a competitive advantage by implementing the right technology.
